

INTRODUCTION TO PROJECT MANAGEMENT (8hr)

Project management is being increasingly recognized as a vital skill-set for many management positions, not just those with the title of “project manager”. This course provides a solid introduction to project management - you will discuss projects from your own organization, and we review tools and templates that we use every day to manage real projects.

Who should take this course?

This course is for anyone interested in learning about formal project management techniques, including project managers, project team members, functional managers, and senior managers.

Course Objectives

By the end of the class you will be able to:

- Understand more about project management.
- Produce better project plans.
- Reduce project risk.
- Capture the complexity of your projects.
- Stay on top of the projects when they are underway.
- Waste less time and money fighting fires.
- Present a more organized and professional management style.
- Have more success completing your projects on time, and to budget.
- Utilize a project management concept known as “float” to better manage your projects.

Course Content

- What is a project?
- What is project management?

Project Management Training

If your organization has identified the need for project management training, you are not alone. Project management is being increasingly recognized as a vital skill-set for many positions, not just those with the title of project manager.

Our style of training is very interactive—participants work on projects from their own organizations, utilizing tools and templates we use every day to manage real projects. We consistently receive excellent ratings from training participants, and have experience conducting project management theory training and Microsoft Project training for both large and small organizations.

We offer a variety of courses, which are available on an open-enrollment and on-site basis. From time to time we also offer classes not listed here, so please call us at **1-866-PM-ASSIST** if you are looking for any kind of project management related training.

- **Introduction to Project Management (4 hours)**
- **Project Management Introduction for Smaller Organizations (4 hours)**
- **Project Management Introduction (1 day)**
- **Project Management Principles (2 days)**
- **Project Management Fundamentals (3 days)**
- **Project Management Foundation Course (7 days)**
- **CAPM Certification Review (5 days)**
- **PMP Certification Review (5 days)**
- **Building High Performance Project Teams (1 day)**
- **Using Microsoft Project to Plan and Execute your Projects (2 days)**

Project Management Institute Registered Education Provider

As an approved Project Management Institute (PMI®) Registered Education Provider (REP®), we are authorized to issue Category Three Professional Development Units (PDU) for credit toward meeting the Continuing Certification Requirements (CCR) of the Project Management Professional (PMP®) certification. While PMPs may earn PDU credits from other categories of learning activities, only Category Three PDUs are accepted without question in audits of CCR records. PMPs may also report a Key Consulting course using PMI's convenient online system, rather than having to provide fax or paper documentation.

Key Consulting Inc.

Key Consulting works with, and trains, organizations of all sizes to improve the management of their projects. Using project management tools and techniques, combined with our broad industry experience, we help you :

- Improve the quality of your project planning and tracking
- Quickly capture the complexity of your projects
- Provide higher visibility of your critical tasks
- Resolve your project issues more quickly, in productive team meetings
- Reduce your project risk

resulting in successful projects, completed on-time, below budget, and within scope. We supply project managers on a full-time basis for larger projects, and on a part-time basis for smaller clients and projects. Our senior project managers are all certified as Project Management Professionals by the national Project Management Institute (PMI®).
